### Let's connect!

### Welcome: New MSFS Staff Member

**Rebecca Heim** joined the Online Master of Science in Food Safety team in early October as an Office Assistant III. She provides support on a variety of projects including managing finances, campus events, and staff travel. Before joining the MSFS team, Becky worked for 15 years in the MSU College of Education. Graduating from MSU with a Bachelor Degree in Animal Science, Becky and her family own a farm where they raise grass-fed beef, pastured pork and poultry, and hay

### Greetings!

Registration for **Creating A Food Safety Culture Executive Education**, May 24 - 26, 2017, is now open. Seats are limited. Continue reading below for additional information.

We wish to congratulate **Barbara A. Hulick** on reaching her goals and successes in sharing food safety across business. Read full story below.

Please join us in welcoming our newest food safety team member, **Rebecca "Becky" Heim**.

Happy Halloween!

## Goals, Rewards, and Success

### Alumna Barbara A. Hulick Building Food Safety Success for Business

Barbara A. Hulick

Alumna **Barbara A. Hulick**, who was recently appointed Director of Food Safety and Quality Assurance, Produce Alliance LLC., says she plans, "to spread my wings further and help more and more players in the food industry achieve safety, quality and success in their businesses. That to me is a very rewarding goal."

Reaching her goals seems to come naturally to Barbara. She heard about the Online Master of Science in Food Safety program from a colleague when the program was two years old in 2004. She enrolled in 2005, graduated in 2008, but she did not stop there.

"As the regulatory climate intensifies in this country and globally, a multi-disciplinary team, combining food safety expertise and legal knowledge is essential," said Barbara. She continued her graduate education and obtained a Master of Jurisprudence in Global Food Law at MSU. To continue reading [click here](#).
